

## A944

### TASTING NOTES

*Intense purple-red color, with hints of red fruit and a vegetal note of black tea, a full, unassuming sip. Wine is ready, without having to be waited for it.*

### NOSE

*Red fruits such as plums and black cherries (Moretta di Vignola), with a spicy finish of herbal notes such as black pepper and black tea, and a hint of red bell pepper leaf.*

### TASTE

*Balanced, good-drinking, clean, slightly tannic, warm, full-bodied and long finishing after tasting-wine.*

### QUOTE

*"Love for wine and determination. Probably one of the youngest agronomists-winemakers-wine business owners in Italy. What's more, in the Colli Bolognesi, not exactly the wine eldorado, with vineyards and winery in Valsamoggia. The irrepressible passion that animates him can be read in every word and every movement. A fire that must be sustained, there are few young people in wine with such crystalline ardor: we will follow in his footsteps. The wines are simple and immediate but never banal. Ad Maiora!"*

*86 pt - I Vini di Veronelli - Guida 2021*

### FOOD PAIRING

*Lasagne alla bolognese, tagliatelle al ragù, beef barbecue*
